

OURANOS 2

OURANOS 2 in brushed chrome, black inside

OURANOS 2 is an imposing rectangular ceiling light that can be installed in a false ceiling. It consists of a black housing in which two mobile spotlights for GU10 bulbs are installed. After installing this box in the false ceiling, a brass frame remains visible around the box. The main advantage of this high quality ceiling light is that the frame has a wide range of finishes, all of which are remarkable. There are high wattage GU10 bulbs on the market. There is a model with one spot.
