NOVA

NOVA

NOVA is a "**retro**" suspension with a Ø21cm brass dome. It has a metal cover that covers the fitting and gives it that old-world style. The dome's fabrication work is impressive. The technique of repoussage made it possible to create this little brass wonder. This metal, used exclusively in this manufacture, allows for many remarkable finishes, with combinations of colors. Do not hesitate to consult us
This "**Vintage**" suspension is adjustable in height and can easily be placed above a worktop or table
