

## DEIMOS P2 #

DEIMOS P2 # in brushed bronze (code 29)

**DEIMOS P2 #** is a double surface mounted spotlight (with a recessed part) for ceiling mounting. The large cylindrical spots completely enclose two bulbs. A decorative black ring is placed around and behind each bulb. They are mounted on ball joints that are partly integrated in the cylinder of the spotlight. Spring clips on the back of the plate allow the ceiling light to be anchored to the false ceiling. To increase the brightness, there are more powerful GU10 dimmable bulbs on the market.

### OVERALL SIZES

H10→14cm

**BASE** : #20 x 7 x 0,3cm
