GALAND J ø in messing

Stéphane Davidts
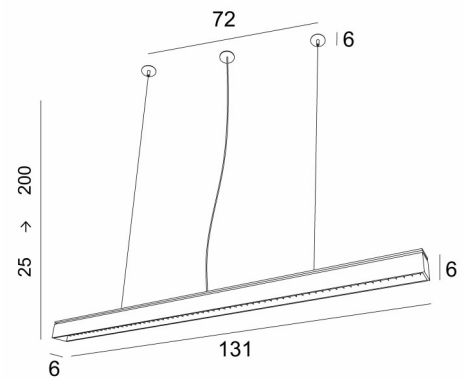

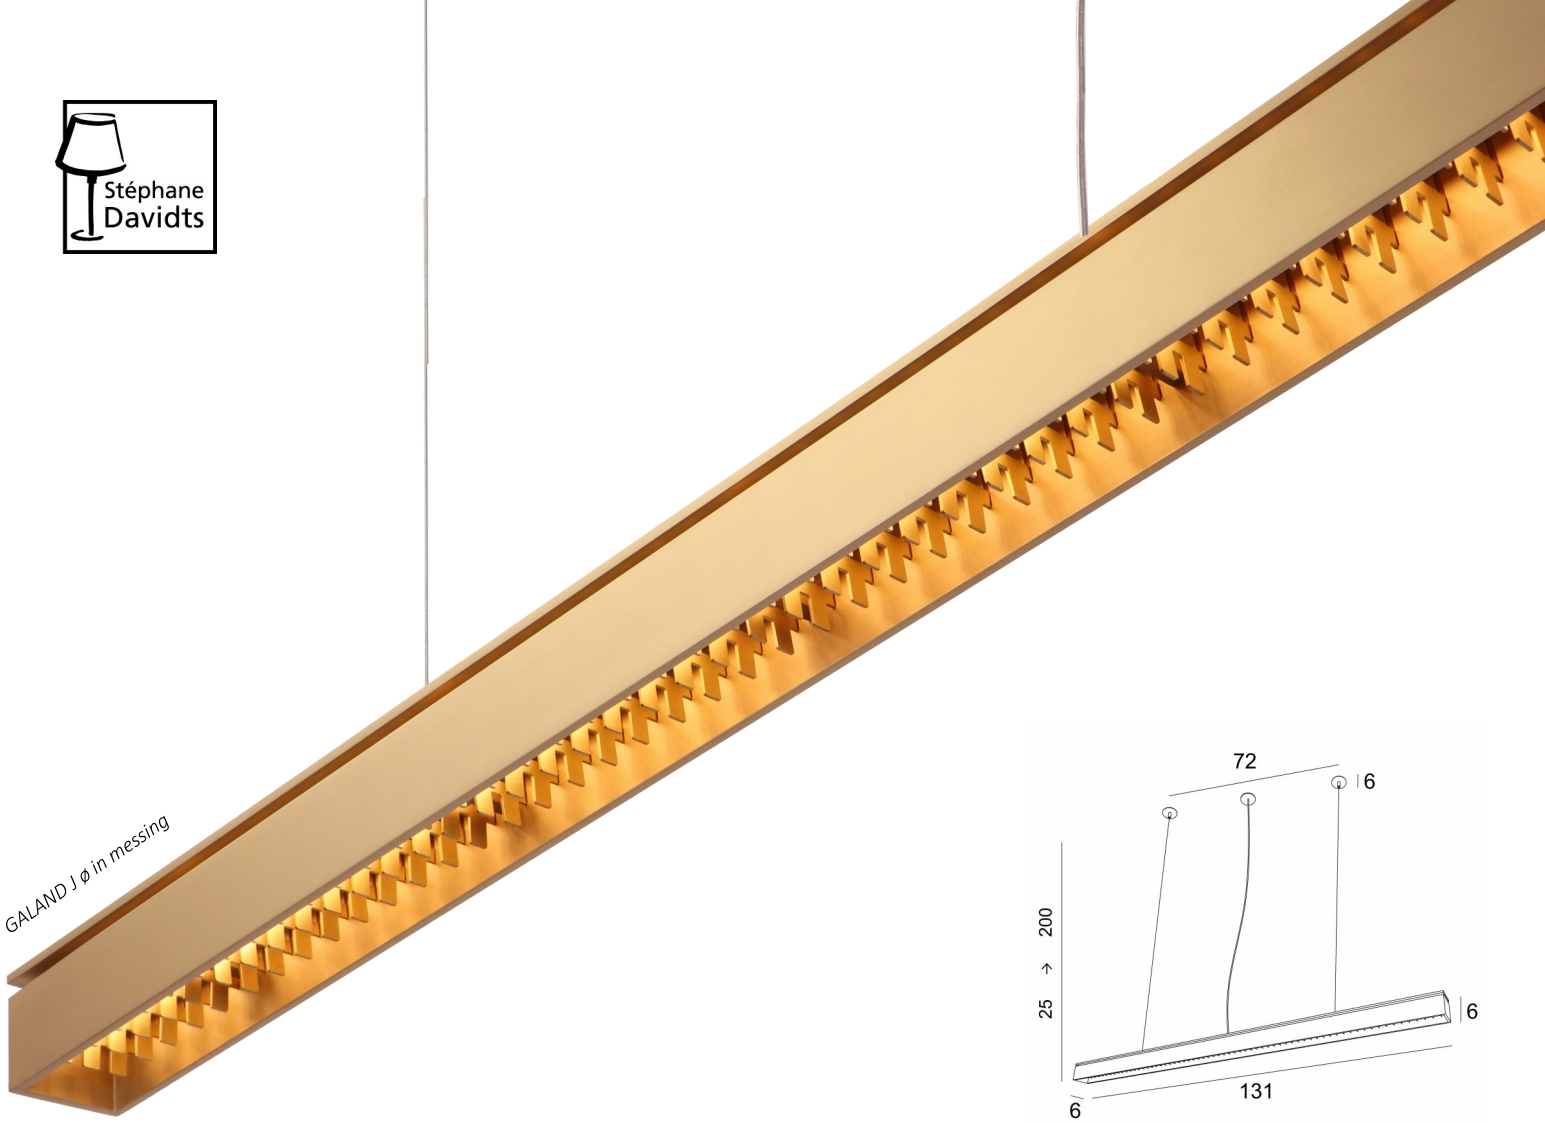

GALAND J ø

4700

designed by Nicolas Galand

Superb suspension designed and developed by Nicolas GALAND, a talented Belgian designer. This suspension in brass is composed of two luminous elements, the lower part is made out of fins that filter the light and the upper part has a small opening that creates a discrete atmosphere.

SIZE
Total height : 25 → 200cm
Length x width x height : 131 x 6 x 6cm
Steel cables (2m) and transparant power cable (2m)
Three ceiling covers : ø60mm

INSTALLATION ON FALSE CEILINGS
Two fixings each with three anchor points to place the two steel cables.
A ø50mm round cutout in the false ceiling for the driver.
The cover with clips to close this opening and from which the power cable comes out.
This suspension is also available with a rectangular ceiling base to accommodate the driver and cable attachments. See GALAND J # . This is suitable for any other ceiling.

AVAILABLE FINISHES & CODES
Brushed brass - **4700 025**
Light bronze - **4700 028**
